FRONT END SOFTWARE ENGINEER

Front End Engineer with six years of experience working in small and large teams to develop interactive, user-friendly, and feature-rich web applications. A self-motivated and lifelong learner familiar with modern web development technologies.

SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript, C#, SQL
- **Technologies:** React, Astro, Next.js, CSS Modules, Sass, Less, Bootstrap, MUI, npm, Vite, ESLint, .NET, REST APIs

WORK EXPERIENCE

Frontend Web Developer | Freelance, Remote | 12/2024 – Present

- Designed and developed fully responsive, high-performance websites using HTML, CSS, JavaScript, Astro, and Less. Managed deployments following CI/CD practices and performed ongoing updates and maintenance.

UI Engineer | Quivers Inc., Remote | 04/2022 – 08/2023

- Delivered views, features, and workflows for a new e-commerce SaaS platform using JavaScript, HTML, SCSS, Mustache.js, and Bootstrap. Implemented new features, enhancements, and bug fixes to a legacy platform using AngularJS and React.
- Led project to integrate third-party digital adoption platform into primary frontend web application.

Software Developer | Anovaa (subsidiary of Entech Consulting), Malvern, PA | 11/2020 – 04/2022

- Developed new features and improved UI/UX for a SaaS loan origination platform using React, Material UI, .NET Core, C#, and REST APIs, leading full-stack tasks including front-end components, backend API integrations, and SQL schema updates.
- Engineered custom features for multi-tenant environments, including Membership Verification and client-specific functionalities, using React, MUI, C#/.NET, SQL, and Python.
- Collaborated with product and client teams to build client-specific email/document templates, create launch scripts, and enhance platform scalability for improved client onboarding.

Junior UI/.NET Developer | Entech Consulting, Malvern, PA | 05/2020 – 11/2020

- Executed development and maintenance of high-traffic websites and microsites for clients, utilizing TeamSite CMS, HTML, CSS, C#, ASP.NET, and Microsoft SQL Server. Delivered responsive web solutions and ensured cross-browser compatibility.
- Provided mentoring, training, and documentation on best practices, while collaborating in agile teams to support and improve client applications. Promoted to Software Developer under Anovaa division.

Software Engineer Intern | Advisor Innovation Labs, Bryn Mawr, PA | 01/2019 – 03/2020

- Developed new features, enhancements, and bug fixes to a fintech SaaS web application using React, TypeScript, and Sass/SCSS. Built reusable UI components for use in the internal React component library.
- Led the UI/UX redesign of an enterprise admin web application, creating prototypes, delegating tasks, tracking progress, and presenting the final product in a company-wide demo.
